 - (D) the prevention of any physical, mental, or functional ailment or defect of any person.
 - (2) The maintenance of an office or a place of business for the reception, examination, or treatment of persons suffering from disease, ailment, defect, injury, infirmity, deformity, pain, or other conditions of body or mind.

In addition to the exceptions described in section 2 of this chapter, a nonresident physician who is located outside Indiana does not practice medicine or osteopathy in Indiana by providing a second opinion to a licensee or diagnostic or treatment services to a patient in Indiana following medical care originally provided to the patient while outside Indiana.

if that examination was, in the opinion of the board, equivalent in every respect to Indiana's examination at the time it was taken.

(b) The board may refuse to issue a license or may issue a probationary license to an applicant for licensure under this section if:

- (1) the applicant has been disciplined by an administrative agency in another state or jurisdiction; and

- (4) The applicant's practice deficiency did not result in death, serious harm, or other serious outcome for a patient or patients.

- (6) The applicant's practice deficiency did not involve sexual misconduct.

(c) As a condition for an applicant to hold a provisional license, the board may require full-scale assessments, engagement in formal training programs, supervised practice arrangements, formal testing, or other proof of competence.

(d) An applicant under this section shall develop an individualized practice reentry program subject to the approval of the board.

(e) The duration of a provisional license shall be determined by the board and reviewed at least annually by the board.

(g) A provisional license is a nonrestricted license, and the issuance of a provisional license issued under this section may not be construed as a disciplinary action taken by the board.

(h) The board may take disciplinary action against an applicant who holds a provisional license if, after a hearing, the board finds any of the following:

- (1) Failure to comply with any term of the provisional license.
- (2) Receipt of evidence from an appointed supervisor or workplace monitor that the holder of the provisional license has failed to make satisfactory progress or successfully complete the requirements of the provisional license.

As added by P.L. 105-2008, SEC. 41.

IC 25-22.5-5-3 Waiver of requirements

Sec. 3. The board, in certain exceptional instances, may waive for limited licenses, temporary medical permits, or final licensure any of the provisions of this article, including fee requirements, if a complete evaluation by the board of the applicant's previous training, education, and practice determines them to equal or exceed the requirements of this article.

(Formerly: Acts 1975, P.L. 271, SEC. 1.) As amended by P.L. 247-1985, SEC. 12.

IC 25-22.5-5-4 Temporary medical permits

Sec. 4. (a) The board may authorize the agency to issue temporary medical permits for the practice of medicine or osteopathic medicine. When a temporary medical permit is issued, it is subject to any termination date specified by the board. A temporary medical permit may be issued to any person who:

- (1) has completed the academic requirements for the degree of doctor of medicine or doctor of osteopathy from a medical school approved by the board; and
- (2) desires to obtain postgraduate medical education or training in a medical education institution or hospital located in Indiana which has standards for postgraduate medical education and training satisfactory to the board;

is required to obtain a temporary medical permit unless the graduate possesses an unlimited license to practice medicine or osteopathic medicine in Indiana. Application for the permit must be made to the board subject to this article. A temporary medical permit issued to a person under this subsection for purposes of postgraduate training is valid for a period of one (1) year and may be renewed for additional one (1) year periods at the discretion of the board.

(b) A medical educational institution located in Indiana which has standards satisfactory to the board may, in the board's discretion, secure from it a permit for a person in the active practice of medicine outside the state of Indiana or the United States, but who is not licensed in Indiana, to teach medicine in the institution for an annually renewable period not to exceed one (1) year by filing with the board an application by the institution and the person certifying:

- (1) the person's professional qualifications;
- (2) the term of the teaching appointment;
- (3) the medical subjects to be taught; and
- (4) other information and assurances as the board may require.

If the application is approved, the person is entitled to receive a "temporary medical teaching permit" which authorizes the person to teach medicine in the applicant institution for a stated period not to exceed one (1) year. This permit must be kept in the possession of the institution and surrendered by it to the board for cancellation within thirty (30) days after the person has ceased teaching in the institution. The permit authorizes the person to practice in the institution only and, in the course of teaching, to practice those medical or osteopathic medical acts as are usually and customarily performed by a physician teaching in a medical educational institution, but does not authorize the person to practice medicine or osteopathic medicine otherwise.

(c) Any medical educational institution in this state which authorizes or permits a physician to violate this article or which itself violates this section may, in the discretion of the board, be disqualified from further receiving the benefits of this section.

(d) The board may authorize the issuance of a temporary medical permit to a person who will be taking in Indiana for the first time the examination or portion of the examination required by the board. A temporary medical permit holder under this subsection shall work under the supervision of a licensed physician, who is in good standing with the board, until the results of the examination taken by the permit holder are published by the board. If the holder of a temporary medical permit under this subsection fails the examination, the board may reissue a temporary medical permit to the holder upon conditions, and for a period of time, that the board considers appropriate.

(e) A person who holds a valid license to practice medicine or osteopathic medicine in the United States, its possessions, or Canada, and who is seeking licensure by endorsement, may be issued a temporary medical permit by the agency upon the authorization of the board. A temporary medical permit issued under this subsection is valid for ninety (90) days or for a period considered appropriate by the board.

(f) A person who is licensed to practice medicine or osteopathic medicine by any board or licensing agency of another state or jurisdiction, and who meets the requirements established by the board under IC 25-22.5-2-7, may be issued a temporary medical permit limited by terms and conditions considered appropriate by the board. A temporary medical permit issued under this subsection is valid for a nonrenewable period of no more than thirty (30) days.

(Formerly: Acts 1975, P.L. 271, SEC. 1.) As amended by P.L. 247-1985, SEC. 13; P.L. 1-2006, SEC. 448.

(Repealed by P.L. 177-2009, SEC. 63.)

IC 25-22.5-5-4.6

Sec. 4.6. (a) The board may authorize the agency to issue temporary fellowship permits for the practice of medicine. A temporary fellowship permit is subject to any termination date specified by the board.

(b) The board may issue a temporary fellowship permit to a graduate of a school located outside the United States, its possessions, or Canada if the graduate:

- (1) applies in the form and manner required by the board;
- (2) pays a fee set by the board;
- (3) has completed the academic requirements for the degree of doctor of medicine from a medical school approved by the board;
- (4) has been issued a valid permit by another state for participation in a postgraduate medical education or training program located in a state that has standards for postgraduate medical education and training satisfactory to the board;
- (5) has been accepted into a postgraduate medical fellowship training program that:
 - (A) is affiliated with a medical school located in a state that issued a permit under subdivision (4);
 - (B) has a training site located in Indiana; and
 - (C) has standards for postgraduate medical education and training satisfactory to the board;
- (6) provides the board with documentation of the areas of medical practice for which the training is sought;
- (7) provides the board with at least two (2) letters of reference documenting the individual's character; and
- (8) demonstrates to the board that the individual is a physician of good character who is in good standing outside the United States, its possessions, or Canada where the person normally would practice.

(c) Applications for a temporary fellowship permit for graduates of foreign medical schools must be made to the board subject to this section.

(d) A permit issued under this section expires one (1) year after the date it is issued and, at the discretion of the board, may be renewed for

additional one (1) year periods upon the payment of a renewal fee set by the board by rule.

(e) An individual who applies for a temporary fellowship permit under this section is not required to take any step of the United States Medical Licensure Examination.

(f) A temporary fellowship permit must be kept in the possession of the fellowship training institution and surrendered by the institution to the board within thirty (30) days after the person ceases training in Indiana.

(g) A temporary fellowship permit authorizes a person to practice in the training institution only and, in the course of training, to practice only those medical acts approved by the board but does not authorize the person to practice medicine otherwise.

(h) The board may deny an application for a temporary fellowship permit if the training program that has accepted the applicant has:

- (1) violated; or
- (2) authorized or permitted a physician to violate;

this section.

(i) A person issued a temporary fellowship permit under this section must file an affidavit that:

- (1) is signed by a physician licensed in Indiana;
- (2) includes the license number of the signing physician;
- (3) attests that the physician will monitor the work of the physician holding the temporary fellowship permit; and
- (4) is notarized.

Sec. 6. (a) The board shall register as an eye enucleator an individual who qualifies for registration under rules adopted by the board under IC 25-22.5-2-7. An applicant for registration as an eye enucleator must submit evidence that the applicant has successfully completed a training program in the enucleation of eyes approved by the board. To be approved, a training program must:

- (1) be taught by one (1) or more surgeons or physicians;
- (2) include instruction and practice in:
 - (A) anatomy and physiology of the eye;

 - (C) the use of appropriate instruments and sterile procedures for removing the eye; and
- (3) comply with rules adopted by the board under IC 25-22.5-2-7.

Registration of an eye enucleator under this section does not qualify the eye enucleator to remove corneas or corneal tissue.

(b) The board shall register as a corneal excision technician a person who qualifies for registration under rules adopted by the board under IC 25-22.5-2-7. An applicant for registration as a corneal excision technician must submit evidence that the applicant has successfully completed a training program in corneal excision approved by the board. To be approved, a training program must:

- (1) be taught by one (1) or more surgeons or physicians;
- (2) include instruction and practice in:

 - (C) the use of appropriate instruments and sterile procedures for removing a cornea, an eye, or part of an eye; and
- (3) comply with rules adopted by the board under IC 25-22.5-2-7.

A corneal excision technician registered under this section may remove an eye, part of an eye, a cornea, and corneal tissue.

(c) The board may revoke a registration issued under this section upon a showing of good cause for revocation.

(d) The board shall adopt rules under IC 25-22.5-2-7 to implement this section.

Chapter 6. Discipline; Retirement of Licenses

IC 25-22.5-6-1 Retirement and surrender; inactive status

Sec. 1. (a) Any physician licensed to practice medicine or osteopathic medicine in this state who intends to retire from practice shall notify the board in writing of the physician's intention to retire. Upon receipt of this notice, the board shall record the fact that the physician is retired and excuse the person from further payment of registration fees. If any physician retires the physician's license to practice medicine or osteopathic medicine in this state, reinstatement of the license may be considered by the board upon written request. The board may impose any conditions it considers appropriate to the retirement or to the reinstatement of a retired license. If any disciplinary proceedings under this chapter are pending against a physician, the physician may not surrender or retire the physician's license to practice without the written approval of the board.

(b) Any physician licensed to practice medicine or osteopathic medicine in this state who intends to become inactive in the practice of medicine shall notify the board in writing that:

- (1) the physician will not maintain an office or practice; and
- (2) if the physician does render a service that constitutes the practice of medicine, the physician will not charge a fee for that service.

The board shall then classify the physician's license as inactive. The renewal fee of the inactive license is one-half (1/2) of the registration fee.

(c) If a physician holding an inactive license intends to maintain an office or practice or charge a fee for the physician's medical services, the physician shall notify the board of the intent to reactivate a license to practice medicine or osteopathy. As a condition of reactivation, the board may require the physician to appear before the board. This personal appearance shall be to establish the physician's work history if the physician's license has been inactive for more than four (4) years and the physician cannot verify active practice history in another jurisdiction during the period in which the physician's Indiana license has been under inactive status. Upon:

- (1) notification;
 - (2) receipt of the regular registration fee for a physician's license, less the amount paid for the current inactive license; and
 - (3) either:
 - (A) verification of active licensure in another jurisdiction; or
 - (B) completion of other reasonable requirements imposed by the board, after the physician's work history has been established;
- the board shall reinstate that physician's license.
